New Fortress Energy Inc. (NASDAQ: NFE) is a global energy infrastructure company founded to address energy poverty and accelerate the world's transition to reliable, affordable and clean energy. The company owns and operates natural gas and liquefied natural gas (LNG) infrastructure and an integrated fleet of ships and logistics solutions to rapidly deliver turnkey energy solutions to global markets. Collectively, the company's assets and operations reinforce global energy security, enable economic growth, enhance environmental stewardship, and transform local industries and communities around the world.

Zentech Incorporated is a Houston, Texas based marine engineering, project and construction management firm specializing in offshore oil and gas and renewable energy industries with over forty (40) years of experience providing innovative engineering solutions. Zentech's expertise encompasses dynamically positioned semi-submersibles, drill-ships, jack-up drilling units, modular platform drilling rigs, barge rigs, fixed offshore platforms, floating production systems, Jack up upgrades and conversion, EPIC contracts for MOPU conversions, and risers and pipelines. Zentech has been involved in several other unique projects, with specialized expertise in Jack up conversions for alternate use.
